

random height

building stone collection

The Semco Stone Random Height Collection can be rustic or refined. Our Random Height veneer is snapped stone with heights created by the natural horizontal layering in the quarry formed millions of years ago. The applications of this stone are endless.

Our Stone. Your Dream. Semco Stone.

Tumbled Random Height veneer creates an old world, or aged appearance. Our collection of Tumbled Random Height veneer is snapped stone with heights created by the natural horizontal layering in the quarry formed millions of years ago. It is then tumbled to create softer, rounded edges.

Create Authentic and Luxurious Living Spaces.

Building Stone

dimensional building stone collection

Semco Stone's Dimensional Collection is created when quarried stone snapped at random lengths are then sawn to specified heights, usually 2 1/4", 5" and 7 3/4" (10 1/2" Jumpers available).

Our Dimensional Collection creates a more formal look with it's defined lines which also provides efficient and economical installations.

Bring the beauty home with Semco Stone.

tumbled dimensional building stone collection

The old world appearance of Tumbled Dimensional veneer is created when quarried stone snapped at random lengths are then sawn to specified heights, usually 2¼", 5", and 7¾" (10½" Jumpers available). Snapped once more to the correct depth, the Dimensional stone is then tumbled, which gives the impression the stone is aged.

Elegance Redefined. Semco Stone.

HEARTHSTONES & MANTLES

Hearthstones and Mantles by Semco Stone are the final touch to your masterpiece. A natural stone hearth can enhance your fireplace design both in character and texture. Hearthstones and Mantles can be custom cut and finished to your specifications. Contact your sales representative for more information.

CAPS & COPING

Caps and Coping are the perfect complement to our natural stone veneers. Available either snapped or sawn they give your project the finished detail for countless applications. The possibilities are endless from pool surrounds to the finishing touch on columns, piers, entrance monuments, staircases and more. Caps and Coping are available in various finishes.

KEYSTONES

Keystones give the finishing touch to doors or other masonry openings to enrich the overall finish of your project. The sides can be sawn or snapped for a formal, rustic, contemporary or classic appearance. Keystones are available in various finishes.

SILLS

Sills can be used under windows and at the top of a stone wains coat. They are sawn on the top, bottom, ends and back with your choice of snapped or sawn-face. Sills are available in various finishes.

QUOINS

Quoins give the finishing touch to corners or entryways and complement any of our veneer blends. Each piece has a snapped face and end. The top and bottom of the Quoins are available as sawn or snapped. Quoins are available in various finishes.

TRIMSTONES

Trimstones are precut stones used to stack either around or above windows and doors. They can be utilized either horizontally or vertically. Each piece has a snapped face and ends, and are sawn on top and bottom. Both heights are available in full veneer or ThinCut™.

STEPS AND TREADS

Whether used for an indoor staircase, or exterior entrance, Semco Stone can produce custom Steps and Treads to complete your natural stone project. Steps and Treads can be custom cut and finished to your specifications, contact your sales representative for more information.

See page 124 and 125 for finishes and decorative edge options.

See page 124 and 125 for finishes and decorative edge options.

NATURAL STONE COUNTERTOPS

Semco Stone Natural Stone Countertops offer a perfect harmony of performance and beauty in both indoor and outdoor applications. Natural Stone countertops from Semco Stone can meet both the needs of your lifestyle and the demands of your inspiration. Our Countertops can be custom cut to your specifications, contact your sales representative for more information. See page 124 and 125 for finish options.

MONUMENTAL SIGNS

We all know first impressions are important. Semco Stone has created hundreds of great first impressions for neighborhoods, corporate offices and retail stores across the country. We are experienced in producing custom designed monuments, memorials and entrance signs for many unique projects over the years.

Semco Stone has a wide variety of colors, sizes and shapes that can help your project stand out. Semco Stone will custom cut to your specifications. Contact your sales representative for more information. See page 124 and 125 for finish options.

This breathtaking Memorial Wall located in Perryville, Missouri was designed to remember those who have served or are serving and those who paid the ultimate price for the freedoms we enjoy today. A beautiful tribute to the Perry County Veterans featuring Custom Cut Brentwood Polished Stone and Weston Cream stone caps. A beautiful tribute to military men and women from generations past as well as those in the future.

Contact your sales representative for more information about how Semco Stone can help you with any custom cut projects.

BRENTWOOD

from Semco Stone

The possibilities are endless with Brentwood Natural Stone. Brentwood offers a perfect harmony of performance and beauty in both indoor and outdoor applications. Semco Stone's Brentwood can meet the needs of your lifestyle and the demands of your inspiration. This stone can be custom cut to your specifications.

» BRENTWOOD TRANSFORMS ANY OUTDOOR SPACE INTO WOW-WORTHY

DECORATIVE EDGES – THE DIFFERENCE IS IN THE DETAILS

Semco Stone's collection of Decorative Edges offers six of the most popular, architectural edges in the industry – adding the perfect finishing touch to counter tops, hearths, caps and so much more.

Decorative Edges can be a subtle, or not so subtle, completion to any environment.

Building Stone by Semco Stone is a natural product, therefore color variations may occur. Selections should be made from actual samples whenever possible. Contact your sales representative for more information.
