The Matrix collection features an elegant look that maintains a timeless charm, all the while evoking the classic quality of vein cut travertine. Matrix is inspired by the tranquil hues of seashells found on the coast shore, creating a fresh, fashion-forward color palette that is as distinctive and contemporary as the name suggests. Inspired by our modern environment, the vein cut graphic is mirrored in the slight undulation on the surface of each tile, producing an ambiance that is natural, current, and effortless.
