

Features

Glass: Translucent Glass with Standard Perforation Frit

Grid: Standard Clear Anodized "Matte Silver" Finish

The Pumphouse Riverside Restaurant & Bar in Victoria, TX aimed to convert the bottom recessed floor over the electric water pumping equipment into a Dining Room. Wanted a 42" wide glass floor along the sides and middle to allow viewing of the equipment below. Glass needed to be as clear as possible while still providing an anti-slip surface.

Installer:
Mitchell Glass
