

## Residential & COMMERCIAL

### Thin Brick **Fast**

On construction projects, tight deadlines are always an issue. Often, long lead times just won't work and anxiously waiting for material is never a good thing. Sometimes delays can't be helped but as the old saying goes, "time is money".

METROBRICK® created the Fast Ship Program, with quick turnaround for small orders in mind - normally under 10,000 sq/ft. With the Fast Ship program, METROBRICK's nine most popular colors and seven blends - in modular size - ship to you FAST.\*

**Quick turnaround** for small orders.

Manufactured with a **STRICT TOLERANCE** of +0" to -1/16"

**NINE** colors and **SEVEN** blends available

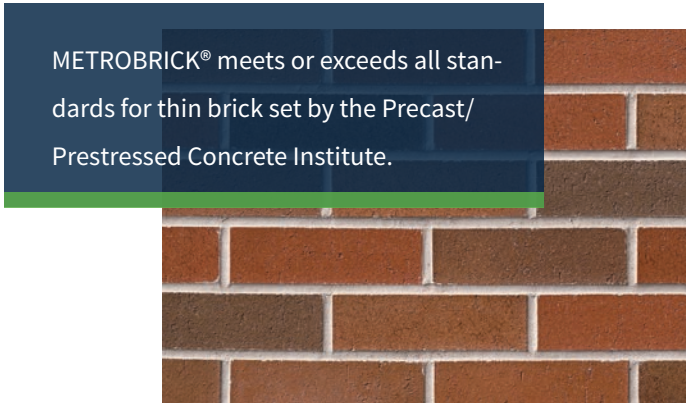

\*Levels of inventory vary. Our ability to fast ship is based on a first-come first-served basis. Levels of inventoried items will fluctuate. Inventory is designed to assist in quick turn around for smaller quantity orders- normally under 10,000 sq. ft. Lead time for blends is approximately two to four weeks.

### Thin Brick SYSTEMS

METROBRICK® manufactures TBX Grade Architectural Thin Brick to be used with the following systems: Precast Concrete Panels, Tilt-up Concrete Panels, Prefabricated Metal Panels, Field Applied Systems/ Applications and Cast in Place Concrete Elements.

### PCI STANDARD

METROBRICK® meets or exceeds all standards for thin brick set by the Precast/Prestressed Concrete Institute.
