

Brick Boy

Brick Boy is an Acme Brick character introduced in 2002. There are two existing mascot suits, created in 2020; green eyes and green shoes, blue eyes and blue shoes. Contact Matt Fels, mfels@brick.com, to schedule the costume for shipping and events. He is a great addition to any events - company picnics to sporting events.

Suit is lightweight and able to be worn comfortably for about 30 minutes at a time. Breaks are recommended for the performers, especially if outside or in warm environments. Costume is about 5 feet tall, and adds about three feet to the height of the person inside. Comes with sleeves, gloves and shoes.
