

# Captivate

## Glass/Metal Herringbone

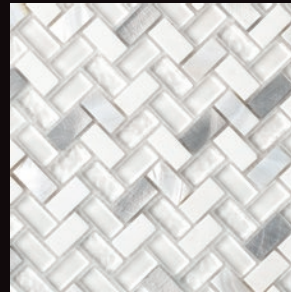

Be inspired by the intriguing geometric shape of Captivate's Glass/Metal Herringbone. This series was designed to stand out, making it perfect for walls and backsplashes. Glass combined with metal to create a stunning look or accent for any area. The herringbone tile pattern enables you to create an intricate-looking design with one tile shape and size. Add personality to your next project space with these 3 colors that can complement any design from casual to contemporary.
