ABOUT ROMABIO

Designed and crafted in Italy, Romabio manufactures fine interior and exterior mineral paints, lime paints, plasters, and other finishes. Pronounced (row*muh – bi*ow), we use 2,000-year old techniques and modern technology to create luminous and natural finishes like no other.

> *"I have nothing against natural brick. I think it's beautiful. But I am a sucker for that European lime washed brick."*
>

LUMINOUS COLORS & EASY APPLICATION

Because Romabio Lime Paints are made with authentic slaked-lime, colors are only available in light to medium tones. You can match other color palettes or choose from the Classico Color Collection with the perfect white, gray, or beige.

Application is easy with one coat for **Classico Limewash** and two coats for Lime Slurry, no primer for unpainted, absorbent masonry. Apply it with a brush or sprayer (**Classico Limewash** only), and dampen the masonry surface prior to painting. Paint and prep on the same day, unlike acrylics where the surface has to be bone-dry.

Classico Limewash in custom color

FINISH TYPES & COMPLEMENTARY PRODUCTS

- **CLASSICO LIMEWASH® –** Easy to use, authentic Italian lime wash to create instant wash off effects for interior/exterior unpainted, absorbent brick and stone.
- **LIME SLURRY –** Authentic, Italian lime paint used for textured finishes, ideal for interior/exterior unpainted and absorbent brick, stone, or other masonry surfaces.
- **ALGAE AND MOSS CLEANER –** Safe cleaner for all exterior surfaces that naturally kills the roots of algae, moss, and mold without paint discoloration.
- **MINERAL SHIELD –** Invisible top coat that locks and protects Romabio paint applications for waterproofing, reduced staining and added durability. Slows the patina for **Classico Limewash** and should be applied to horizontal and exposed surfaces like walls or chimneys.

MORE PRODUCTS

If you want a solid, opaque finish for your exterior masonry, stucco, Hardie board, or other exterior surface then we recommend Romabio **Masonry Flat.** It will give you a traditional painted finish with a beautiful, flat sheen made for extreme durability.

For interior drywall, Romabio has two easy to use products with **Velatura Mineralwash** and **Venetian Glaze** that create beautiful interior limewash effects.

Healthy, clean, and made with natural ingredients, you can trust our paints will not harm people, pets, or the environment.
