ABOUT ROMABIO

Designed and crafted in Italy, Romabio manufactures fine interior and exterior mineral paints, lime paints, plasters, and other finishes. Pronounced (row*muh – bi*ow), we use 2,000-year old techniques and modern technology to create luminous and natural finishes like no other.

"I love historic homes and the chalky look of masonry paint so I did some research and ended up falling in love with Romabio Masonry Flat paint. Tyler (Killowen Construction) had never worked with a paint like it before on an exterior, but we both loved the way it both lets the brick breathe and hides imperfections."

~ Shea McGee, of Studio McGee

NATURAL BEAUTY & LONG-LASTING

Romabio Masonry Paints are naturally breathable and beautiful because of the high mineral content. Unlike shiny acrylics or latex that seal the brick surface, they calcify to the surface allowing moisture to evaporate. With a natural flat sheen, there are many color possibilities and they come with a 20-year warranty when applied properly.

Application is easy with two coats, no primer needed for unpainted, absorbent masonry Dampen the masonry surface prior to painting, and apply with a brush, roller, or sprayer*. You can paint and prep in the same day, unlike acrylics where the surface must be bone-dry.

*Masonry Textured requires an aggregate or textured sprayer.

FINISH TYPES & COMPLEMENTARY PRODUCTS

- **MASONRY FLAT –** Beautiful flat finish designed for extreme durability for brick, stone, stucco, and other exterior surfaces and comes with a 20-year warranty.
- **MASONRY TEXTURED –** The same proven mineral formulation as Masonry Flat but with a built-in texture for added depth. Durable, breathable, and primer-free for unpainted masonry, with a 20-year warranty.
- **ALGAE AND MOSS CLEANER –** Safe cleaner for all exterior surfaces that naturally kills the roots of algae, moss, and mold without paint discoloration.
- **MINERAL SHIELD –** Invisible top coat that locks and protects Romabio paint applications for waterproofing, reduced staining, and added durability.

20 YEAR WARRANTY

Romabio Masonry Paints have high perm ratings of 70+ allowing trapped water vapor to diffuse or escape from the masonry surfaces. We guarantee they will last 20 years with no peeling or chipping when applied as directed.

SAFE FOR YOU & THE ENVIRONMENT

Healthy, clean, and made with natural ingredients, you can trust our paint will not harm people, pets, or the environment.

MORE PRODUCTS

If you want something different than a solid, opaque finish for brick or stone, check out our beautiful lime based paints with **Classico Limewash®** for an antique, whitewash effect, or **Lime Slurry** for an opaque, textured finish.

For interior drywall, Romabio has two easy to use products with **Velatura Mineralwash** and **Venetian Glaze** that create beautiful interior limewash effects.
